# Helpful Medicare Information

Starting at age 65, certain people younger than age 65 can qualify for Medicare.

In general, you will hear us refer to three different categories of Medicare: Part A, Part B and Part D.

Part A=Hospital Insurance    Part B=Medical Insurance    Part D=Prescription

You will mainly focus on Part A and Part B because our Senior Supplemental Healthcare (UHC) provides your RX plan. Be sure to discuss this coverage with the Social Security Administration and follow their advice.

## Enrolling in Medicare

You can enroll in Medicare Parts A & B online, by phone or by visiting your local Social Security Office Medicare Division.
