The average completion rate declined from 92.5% in 2010-2011 to 78% in the 2011-2012 academic year. Enrollment suffered a similar decline from 82% in the fall 2011 to 61% in the spring 2012. This could partly be explained by the fact that some students stop coming to class without dropping out, as reflected in the discrepancy between
