19	All sessions were related professional development, either for individual faculty or instructional programs.	Feb 14, 2011 5:02 PM
20	Learned a few things about computer security and curricunet	Feb 19, 2011 8:33 PM

3. Do you have any suggestions for improving this event?

Response Text		
1	Get a keynote speaker whose speech is geared towards faculty.	Feb 11, 2011 1:06 AM
2	Just the date / it was explained why it was done in Jan this year.	Feb 11, 2011 1:12 AM
3	Don't ever bring that keynote speaker back to IVC. her presentation was absolutely horrible. And don't invite presenters who sell \$30 books with all the "good stuff" while they offer a vague and generalize presentation.	Feb 11, 2011 1:42 AM
4	Fewer breakouts--and center the whole event around a common theme, so that we are all learning and sharing towards the same common goal.	Feb 11, 2011 1:58 AM
5	Departments really need an extended amount of time together to work on projects/issues that they don't have time for during the rest of the year. Departments should be allowed to have extended meetings during this time.	Feb 11, 2011 2:54 AM
6	There should be some outdoor presentations such as field trips to local natural areas , e.g., New River Wetlands Project.	Feb 11, 2011 3:44 AM
7	More ads, also paying part time instructors for attending (I know that there are budget issues with this, but it helps).	Feb 11, 2011 4:30 AM
8	Send out the survey sooner.	Feb 11, 2011 6:28 AM
9	Shorten some of the sessions--	Feb 11, 2011 6:37 AM
10	Perhaps more out-of-area speakers.	Feb 11, 2011 6:43 AM
11	The discipline-specific breakout sessions should all occur during the same time-frames. This would allow us to also attend important topics such as Sergio Lopez and Brian McNeece and Eldon Cauldwell's discussions that were unfortunately interspersed with the other topics. 1	Put this into the hands of faculty. Let faculty plan this event. Let faculty conduct this event. Let's focus on true "staff development." This event should be more meaningful for faculty and not an administrator's showcase to appease the President.	Feb 11, 2011 1:42 AM

1	I don't even remember what this was about, and that says it all.	Feb 11, 2011 1:07 AM
2	Dr. Alfredo Cuellar was outstanding presenting the "The Eviac Model". His workshop provided me with an opportunity to think about the role our programs and institutions can have in the future of education at IVC and what we can do to strengthen it for the benefit of our students. We talked about our programs and how we have had to endure many obstacles over our history at IVC. He addressed IVC's new political climate and how to work to acquire additional resources to provide access to more Imperial Valley College Students and to provide support to those Seniors coming to IVC next year. I learned how important it is to help our students be successful and what we need to do to help them meet their educational goals. We are working countless hours to meet this goal. Thank you Dr. Cuellar	Feb 11, 2011 6:16 PM
3	The presenter clearly was open to input and valued the feedback of people present.	Feb 12, 2011 1:12 AM
4	I enjoyed to spend time with my colleagues.	Feb 12, 2011 6:06 PM
5	The conference allowed attendees to get to know each other and to become acquainted with Dr. Cuellar's interesting educational philosophy.	Feb 13, 2011 7:26 PM

1	Get a keynote speaker whose speech is geared towards faculty.	Feb 11, 2011 1:06 AM
2	Just the date / it was explained why it was done in Jan this year.	Feb 11, 2011 1:12 AM
3	Don't ever bring that keynote speaker back to IVC. her presentation was absolutely horrible. And don't invite presenters who sell \$30 books with all the "good stuff" while they offer a vague and generalize presentation.	Feb 11, 2011 1:42 AM
4	Fewer breakouts--and center the whole event around a common theme, so that we are all learning and sharing towards the same common goal.	Feb 11, 2011 1:58 AM
5	Departments really need an extended amount of time together to work on projects/issues that they don't have time for during the rest of the year. Departments should be allowed to have extended meetings during this time.	Feb 11, 2011 2:54 AM
6	There should be some outdoor presentations such as field trips to local natural areas , e.g., New River Wetlands Project.	Feb 11, 2011 3:44 AM
7	More ads, also paying part time instructors for attending (I know that there are budget issues with this, but it helps).	Feb 11, 2011 4:30 AM
8	Send out the survey sooner.	Feb 11, 2011 6:28 AM
9	Shorten some of the sessions--	Feb 11, 2011 6:37 AM
10	Perhaps more out-of-area speakers.	Feb 11, 2011 6:43 AM
11	The discipline-specific breakout sessions should all occur during the same time-frames. This would allow us to also attend important topics such as Sergio Lopez and Brian McNeece and Eldon Cauldwell's discussions that were unfortunately interspersed with the other topics. 1	I don't even remember what this was about, and that says it all.	Feb 11, 2011 1:07 AM
2	Dr. Alfredo Cuellar was outstanding presenting the "The Eviac Model". His workshop provided me with an opportunity to think about the role our programs and institutions can have in the future of education at IVC and what we can do to strengthen it for the benefit of our students. We talked about our programs and how we have had to endure many obstacles over our history at IVC. He addressed IVC's new political climate and how to work to acquire additional resources to provide access to more Imperial Valley College Students and to provide support to those Seniors coming to IVC next year. I learned how important it is to help our students be successful and what we need to do to help them meet their educational goals. We are working countless hours to meet this goal. Thank you Dr. Cuellar	Feb 11, 2011 6:16 PM
