to individuals at front desk can sometimes be non-existent.

20	It would be nice to have more personnel helping the students. Other than that they are friendly and they help you if we don't understand how to fill out a form, If it weren't for financial aid, I wouldn't have been in college to get a degree, I'm a single mom and it wouldn't have been hard for me to go back to school because I can't afford it. So thank you very much for that I really appreciate it.	May 4, 2013 6:50 PM

25	It would help if the staff would help recipients understand the real purpose of financial aid and how it is supposed to work. I have felt that they work around the system instead of making the most of it for the students who really need the assistance.	May 3, 2013 4:00 PM

They have time for all students if they are working or not working with your application. They help us with anything thanks	May 3, 2013 9:12 AM
30	IVC debit refund needs to be eliminated. It is a poor service that does not benefit students and is set up to make it difficult for students to change their direct deposit option. Students are better off either picking up check at IVC or direct deposited to a college banking account where you are given adequate services and access to your money with no monthly charge or fee for loss of card. Financial aid at IVC is the most inadequate dept and continues to offer inefficient services to students.	May 3, 2013 8:32 AM
