

Committee.

In order to avoid the cancellation of a class during a given semester or session, a class must achieve an enrollment equal to at least 60% of class size quota or 17 students, whichever is less.

3. If a course is offered that is an important part of the curriculum (e.g. part of a Program Pathway) and the instructor's class sizes in other assigned courses are above average;

Unit members whose classes are below the maximum class size quota are expected to add any additional classes through the end of the late registration process.

15.18 E Modify the first paragraph as follows

Upon the approval of the Vice President for Academic Services, or designee, multiple sections of the same course may be assigned for lecture purposes in the large lecture halls (aka Combined Course Sections). In order to be eligible for Combined Course Sections, the maximum student quota for the first class must be met before a second can be considered (and a second filled before a third will be considered). Unit members teaching these combined sections will receive the same compensation as they would have had the sections been offered in separate classrooms.
