

1 New time block calendar would allow for multiple benefits including:

1. Additional Morning Blocks which are the highest in performance/demand
2. Removal of the lowperforming 7AM block.
3. Two Additional Campus Hour Blocks Monday thru Thursday from 12:50pm to 1:50pm
3. All contact hour values (5) will be able to participate
4. Added flexibility to evening time blocks to benefit student learning and faculty availability.

The following slide reflects the proposed time block calendar.
