# Program Review Handbook

#### Introduction:

#### Background:

Program Review has been part of the Imperial ValleyCollege culture for over two decades. The purpose of program review is to examine programs/units for institutional effectiveness, integrated planning, viability, and relevancy to the College Mission, Vision and Values, any current plans or initiatives (Vision for Success, Student Equity aeto) as to the IVC Strategic Educational Masteran.

The Strategic Educational Master Planning Comittee (SEMPO) has crafted an effective program review model based uponseveral years of reviewing and assessig a myriad of models. The current model contains recommendations the Fiscal Crisis Management Assistance Team (FCMAT) report from 2012 and includes all recommendations that secured our Accreditation Status in 2015. Significant changes were made in the internal processes and structure for Program Review for bothardemic and non-cademic programs based upon these recommendations that now support and sustain an integrated program review cycle.

It is imperative that institutional program review be fully integrated into all college planning and budgetary processes. To that end, the principles embodied in the original SEMPC document have been adopted as the basis for this official College District model for implementation of institutional program review throughout all units – Academic, Administrative and Student Services.

The StrategicEducational Master Planning Committe E MPQ has been stablished to serve as the overall monitor of the program review proces this committee nsures that the relevant information from the various program reviews were routed to the appropriate IVC standing committees for integration into our College's institutional plans (e.g., StrategicEducational Master Pan, Technobgy Plan, Staffing Plan, Marketing Plan, and acilities Master Plan, etc.).

#### Purpose of Program Review:

The purpose of the IVC's program review process is to review, analyze, and assess the content, currency, direction, and quality of all programs and services in order to invest in the unit's future.

The intent of the program review processis to promote student-centered educational and service excellence by engaging all college units in self-examination and self-improvement.

The review processis to be broad-based, accessible, and integrated into other college -widi

Creating S.M.A.R.T. Goals

<u>Specific</u>: A specific goal has a worch greater chance of being avorpoished than a greeral goal. To set a specific goal you must neswer the six "VV questions:

- \*Who: Who is involved?
- \*What: What do I want to accomplish?
- \*Where: Identify a location.
- \*When: Establish a time frame.
- \*Which: Identify requirements and constraints.
- \*Why: Specific reasens, purposer benefits of accomplishing the goal.

EXAMPLE: A general goal would be, "Get in spea" But a specific goal would sea" Join a health club and workout 3 days a week."

Measurable - Establish concete citeria for measuring progress toward the attaimmnof eachgoal you set.

When yourneasure your progress, you stay on track, reach your target and experience the exhilaration of achievement that spurs you on to continued effortreet provide reach your goal.

To detemine if your goal is reasurable, ask questions such as.....

  - c. Low
    - i. First,
    - ii. Second
    - iii. Third, etc.
- 4. Committees should note the rationale for all items that were highly recommended.
- 5. Key individuals should attend the resource committee meeting.

#### Step 4: SEMPC and Deans rank and review high and select Mediums

- 1. Review the "Highs" from each resource committee
- Briefly review all of the lows and mediums to see if there is something that was missing from the Highs

   a. If so, add it to the high list.
- 3. Rate all of the High, including those added to the high with (H, M, and L)
