STATEMENT OF NET POSITION

The Statement of Net Position presents the Assets, Liabilities, and Net Position of the district as of the end of the fiscal year using the accrual basis of accounting, which is comparable to that used by most private sector institutions. Net Position—the difference between assets and liabilities—are one way to measure the financial health of the district. The net asset data allows readers to determine the resources available to continue the operations of the district.

The Net Position of the district consists of three major categories:

1. Invested in capital assets, net of related debt – The district's equity in property, plant, and equipment.
2. Restricted Net Position (distinguished between major categories of restriction.) – The constraints placed on the use of the assets are externally imposed by creditors such as through debt covenants, grantors, contributors, or laws or regulations of other governments or imposed through constitutional provisions or enabling legislation.
3. Unrestricted Net Position – The district can use them for any lawful purpose. Although unrestricted, the district's governing board may place internal restrictions on this Net Position. Although unrestricted, the district's governing board may place internal restrictions on this Net Position. Although unrestricted, the district's governing board may place internal restrictions on this Net Position.

**IMPERIAL COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS, continued
FOR THE YEAR ENDED JUNE 30, 2017**

The District's Net Position decreased \$5.9 million or 15% from the previous year due primarily to the increase in pension expenditures and liability. The District continues to be affected by the adverse fiscal climate. Accounts receivable have increased \$813,676 as students and other service recipients have delayed payments of liabilities owed to the District. Likewise, revenue received but not yet earned has increased by \$2.3 million. Finally, much of the District's unrestricted Net Position have been designated or reserved by the Governing Board for specific purposes such as insurance reserves, repairs and replacement of equipment, self insurance, and capital outlay.

STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

The Statement of Revenues, Expenses and Changes in Net Position presents the operating results of the District. The purpose of the statement is to present the revenues received by the district, both operating and non operating, and the expenses paid by the district, operating and non operating, and any other revenues, expenses, gains and losses received or spent by the district. State general apportionment funds, while budgeted for operations, are considered non operating revenues according to generally accepted accounting principles.

Changes in total Net Position on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses, and Changes in Net Position. Operating revenues are received for providing goods and services to the various customers and constituencies of the district. Operating expenses are the

DISTRICT'S FIDUCIARY RESPONSIBILITY

The District is the trustee, or fiduciary, for certain amounts held on behalf of students, clubs and donors for student loans and scholarships. The District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. These activities are excluded from the District's other financial statements because we cannot use these assets to finance operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

ECONOMIC FACTORS THAT MAY AFFECT THE FUTURE

The District's economic strength is directly affected by the economic well being of California. As the State's economy has been weak and intermittent, the impact of continuing restricted state resources to the District has been

Benefits provided (continued)

CalSTRS 2% at 62

CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

Contributions

Active plan CalSTRS 2% at 60 and 2% at 62 members are required to contribute 10.25% and 9.205% of their salary for fiscal year 2017, respectively, and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teachers Retirement Board. The required employer contribution rate for fiscal year 2017 was 12.58% of annual payroll. The contribution requirements of the plan members are established by state statute. Contributions to the plan from the District were \$2,482,790 for the year ended June 30, 2017.

On Behalf Payments

The District was the recipient of on behalf payments made by the State of California to CalSTRS for K 12 education. These payments consist of state general fund contributions of approximately \$1,601,466 to CalSTRS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District’s proportionate share of the net pension liability	\$ 32,081,078
State’s proportionate share of the net pension liability associated with the District	729,412,982
Total	<u>\$ 761,494,060</u>

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2015, and rolling forward the total pension liability to June 30, 2016. The District’s proportion of the net pension liability was based on a projection of the District’s long term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2016, the District’s proportion was .04 percent, which was an increase of .003% of from its proportion measured as of June 30, 2015.

Report on Compliance for Each Major Federal Program

We have audited Imperial Community College District's compliance with the types of compliance requirements described in the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, that could have a direct and material effect on each of Imperial Community College District's major federal programs for the year ended on June 30, 2017. Imperial Community College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

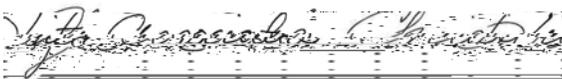

Our responsibility is to express an opinion on compliance for each of Imperial Community College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, *Audits of States, Local Governments, and Non Profit Organizations*.

Those standards and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Imperial Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Imperial Community College District's compliance.

Opinion on Each Major Federal Program

In our opinion, Imperial Community College District complied, in all material respects, with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Imperial Community College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, but not for the purpose of expressing procedures
