

- x If you have completed FAFSA in a previous year and/or your family member already has a StudentAid.gov account, their information is already in the US Department of Education system.

While the U.S. Department of Education does not currently share parent information with any other federal agency, these rules could change. In California, there are [state laws that protect student data and privacy at CSAC and your college or university](#)², but these laws do not cover information collected by the U.S. Department of Education.
